QUALIFICATIONS

Threat Analysis Group, LLC [TAG] is an independent security consulting firm providing security management, technical security, and forensic security consulting services. Our core services range the full spectrum of risk management, including threat and vulnerability assessments, crime analysis, design of asset protection programs and physical protection systems, disaster recovery, emergency planning, and training. TAG has experience in government, commercial, and industrial facilities. Our experienced consulting teams include:

- Subject Matter Experts (SME)
- Certified Security Consultants (CSC)
- Certified Protection Professionals (CPP)
- Certified Information Systems Security Professionals (CISSP)
- Certified Information Systems Auditors (CISA)
- Physical Security Professionals (PSP)
- Retired Federal Law Enforcement Agents

INDEPENDENCE

As an independent consulting firm, TAG is not affiliated with any manufacturer or vendor of security equipment, nor do we profit in any way from a client's selection of vendors or contractors. Our primary objective is to help clients provide maximum protection for their assets while obtaining the most value and benefit from their security resources. Our advice and recommendations are based solely on the needs of our clients. We adhere to the Code of Ethics of the International Association of Professional Security Consultants (IAPSC) and the American Society for Industrial Security - International (ASIS).
